#### QA'58 TOASTS BROWNIE:

"On Senior Prom night a group of us had dinner at Brownie's house. The house was filled with Asian touches. I think her parents had traveled the Orient and brought back many souvenirs. Her mother and dad were the servers (this was no buffet!!) and the table was so elegantly set. My date was John Vitalich and all I remember after the prom was that Brownie was now dating him!! She was indeed a special person with an infectious smile."  
Jan Sumbardo Rothwell

"I also was the beneficiary of Brownie's leadership and friendship as we were co-chairs of our Senior Prom together. Wow, she made me look good - she was a special person, that's for sure!" Jerry Larson

"So sorry to hear about Brownie. I remember her most from French class and no one could keep up with her. She was fun to be around." Vicky Weiss Foreman

"Brownie was so bright, vivacious, and independent. I hope she had a wonderful life." Carolyn Draper Martin

"Brownie always had a huge smile for everyone." Marilyn (Meri) Gundram England

"Very sad. My thoughts and prayers are with Stan and the family." Peter Werle

"A Great gal. Loved her laugh." Skip Daniel

"It is hard for me to imagine Brownie with Parkinson's. She was such a vivacious, energetic person."  
Nancy Mc Quaker Pearl

"So very sad. I smiled as I read that she and Stan had moved back to Queen Anne knowing that was her "happy place." She was an amazing person." Linda Vieths

"Brownie was always full of fun and happiness – great skier, smarter than most of the class of '58 – at least from where I was on the honorless roll. She added a lot of flavor to the makeup of our class." Gordon Fouts

"She'll be welcomed at the pearly gates with open arms." Steve Martin

"She was so intelligent...God Bless! love, " Marian Hailey Moss

I am grateful for the info on Brownie's passing. I have so many treasured memories of her, her parents, Stan and their children. Thanks for Stan's address and the date/details of the gathering for Brownie. We count our blessings every day. Love to all my classmates." Judy Anderson/Whetzel)

"Really sad. She was so bright and fun. Good skier too. We missed her at our last reunion." Spike Anderson

"I didn't know Brownie was battling Parkinson's. We had some very nice times skiing." Karen Whitney

"I plan to come out for the celebration of her life. Brownie and Stan were at the same base as I was for pilot training and later Stan and I were both hired by Northwest and we ended up living in the same neighborhood. Hope to see you all at the celebration. " Ross Kramer

... "sad to lose another classmate ... guess we will experience these losses more and more...that is why it's so important for us all to enjoy having time together when we can. " Betty McClean Thompson

"I admired Brownie's intelligence and appreciated her warmth, wit and friendly smile. We were fortunate to have her as a classmate at Q.A." Gretchen (Fall) Burnett

"Brownie always stood out as having great humor, really bright, even competitive, like skiing. Joking around in English class with her, Frank Evans, Sherry Anderson, Karla Briggs, and others made it MUCH more interesting. May she rest in peace." Gary Anderson

"I don't know any other school/class that has stayed in touch as much as we have. I would have loved to come to Brownie's celebration of life but we'll have a house full of kids and grandchildren over the 4th of July weekend. One story to share: I remember when she joined our 7th grade class at West Queen Anne grade school, of course the girls were jealous, the boys elated. But it didn't take long for her to be accepted as a classmate. Love to all, and especially to her." Duff Andrews

"When Brownie joined our class at West Queen Anne in the 7th grade, we became friends. I had the good fortune to get to know her mom and dad who were special people -- extremely talented in their design fields and their home reflected it. One of the most beautiful I had encountered. Most of all, I remember how kind they were to me when I had sleep-overs there and at their summer cabin on Vashon Island. Brownie's mom drove us around in her old classic Austin Healey. I could see how Brownie became the wonderful person we all got to know. Her great spirit will be missed by many." Sharron (Sherry) Anderson

"I will remember Brownie dancing with Chuck Thompson in our Kapers Parisian Can-Can Act! I also remember our conversation a decade ago about how we'd both like to return to QA. She did it. I'm still dreaming. And our last conversation -- her seeking advice from our MIT classmate to help her grandchild. A life well-lived."  
Nancy Trout Hilliard

Brownie was a very dear friend -- caring, fun to be with, very cute (loved her pony tail), great skier, always a beautiful smile. Always there to help, especially during projects in Mr. Shelton's physics class, having great, late-night discussions on lists of subjects in her parents kitchen. Loss of another special classmate is always a sad event, reminding us how lucky we are to have known so many outstanding people. Warm regards." Terry Snyder

"Brownie's smile and wonderfully joyful heart will bring much more light to heaven." Robin Espeseth Asprea
