## Crystal Mountain Luncheon Report Saturday, September 24<sup>th</sup>

*Report prepared and submitted by Linda Sue (28 Oct 2011)*

Clare and Cappy (John) Huleen invited our class to the most amazing event at their Crystal Mountain Cabin (house). It was inclusive of a menu presented by Clare both Friday and Saturday that was out of this world. Food, beverage and hospitality were on going by our host and hostess. In addition they offered three bedrooms in their beautiful log home which by the way was built by our very own "Cappy". Wow, who knew he had such talent? Some opted to stay at an adjacent Crystal Mountain Resort. Saturday after breakfast we ventured up the road to Crystal Mountain and rode the gondola to the top of Crystal Mountain to hike, and a tour guided by a park ranger, that by the way was so informative and not to be missed. Then on to a terrific lunch at the restaurant which was set up by Clare with the owner. By the way the weather was perfect shirt sleeve temperatures. The entire "event" was the best--over the top in my estimation and for that I will forever be grateful for our wonderful classmate Cappy and his wife Clare. She is the very best. You all must get to know her. The views from the top of the mountain were spectacular and many pictures will forever remind me of the experience. Sunday was spent walking through their Crystal Mountain Ranch community. WOW! Beautiful homes nestled within wooded areas. Those of you who were unable to attend missed a truly memorable time with classmates and the very warm and generous Clare and Cappy Huleen.
